

INQUEST

Set For Thursday.

Coroner Interviewed Witnesses In Cleveland.

Patients at Hospital Will be Called.

Many Friends Attended the Funeral Monday.

Services Conducted by Modern Woodman of America.

The inquest relating to the A. B. & C. wreck will be held by Coroner E. O. Leberman in the Health department room at the City hall Thursday, commencing at 9 a.m.

Coroner Leberman was at Cleveland Monday making inquiries among the injured at that city, but no witnesses were subpoenaed.

The coroner also examined William Clogston and Benjamin Exline, at the City hospital Tuesday, but for obvious reasons he will not make public their testimony until the regular inquest is held. No witnesses have as yet been subpoenaed, but the coroner has the names of a number of persons who will be called on to testify in reference to the cause of the wreck.

The inquest would have been held Wednesday, had it not been that the street car men will all be busy in handling the passenger traffic to and from the grocers' picnic at Silver Lake on that day.

Martin's Funeral.

The funeral of Earl T. Martin and his son, Howard, held Monday evening, was attended by about 500 people.

Services were conducted at the residence of Charles L. Martin, 508 Wheeler st., by Revs. Chas. B. Osgood and Henry B. Stauffer of Cuyahoga Falls. Burial of father and son was made in one grave in the East Akron cemetery. Venerable Consul George C. Tift, Worthy Adviser E. B. Weston and Banker W. H. Stanley of Cuyahoga Camp 4, 386, M. W. of A., conducted services at the grave over the body of Earl Martin, who was a member of the lodge.

Pall-bearers for Earl Martin were three of his brother Woodmen—Wm. Allen, Wm. F. Leader and Edward Coates, and three of his friends among the street car employees—Charles Deitrich, Joseph Kronk and M. Haines. Pall-bearers for Howard were six of his young playmates—Harold Clark, Roland Hunt, Carl West, Russell Cooke, Arthur Patterson and Leo Brown.

Besides the Cuyahoga Falls Woodmen, Security and Akron Camps, of this city, Dewey Camp of Bedford and the Kent, camp participated in the funeral exercises of the order.

NEW ATTRACTIONS.

Hagenback's Wild Animals Will Be at the Fair.

The Elks Monday night decided to have Hagenback's wild animal show at the Street Fair next week.

Arrangements have also been made to have Venetian Gondola, an amusement, something like a merry-go-round, at the fair. The Gondola is valued at \$30,000 and is elaborately built. The electrical display in the evening is especially brilliant.

NEW INDUSTRY.

It Will Give Employment To 200 Men.

A report says that Akron is to have a new industry which will employ 200 men.

The interested parties refuse to divulge the particulars. However, it is known that the site for the new factory will be decided upon this week.

SHORT LINE.

Erie Will Have It to St. Louis.

To Absorb the Clover Leaf and Northern Ohio Railroads.

The report that the Erie is to get the Clover Leaf seems to meet with a good deal of favor, says the Leader. The report is also gaining strength, and some additional data has been vouched for. It is said that in addition to the Clover Leaf, the Erie has its eye on the Northern Ohio road, and the two will be made to work together to give the Erie the short line to St. Louis and other points in that direction. The plan also contemplates the intention of the Erie to build a new line from this city to Marion, making a direct connection to Cincinnati.

If these rumors prove to have sufficient foundation this will mean that the Erie is to take a step toward being a standard road, indeed. It will have not alone the short line to St. Louis, but also to Cincinnati, and will have direct connection out of Cleveland to Chicago, which it does not enjoy at the present time. The movements of the road are watched with a good deal of interest just now, as the belief is that the line will presently lift itself out of the slough into which it sank several years ago. The road now has an earning capacity that is surpassed by none, but it is burdened to the ground with fixed charges, which make large dividends an impossibility.

The Northern Ohio runs from Akron to Delphos, and there it joins the Clover Leaf. If the Erie owned both of these lines the connection would be made at Delphos, and then the joined roads would continue and would connect with the present main line of the Erie at Ohio City. This would throw both Toledo and Cleveland business, shipped by the Erie, on the direct main line to St. Louis. With the laying of the line between this city and Marion the plan would be to parallel the Big Four to New London, where the new road might join the Northern Ohio. The Erie officials are saying nothing about the deal, but say they hope such a condition of affairs will come about.

CRILE'S TROUBLES.

Arrested As He Was Leaving Married Man's House.

A special from Wooster gives the following information relative to the troubles of Jack Crile, the well-known South Akron saloonist:

A sensation was caused Saturday evening when John W. Crile, an Akron saloonkeeper, was arrested here just as he was leaving the home of Mrs. Jesse Marshall. He was charged with loitering and carrying concealed weapons. Mr. Marshall at the time was in Akron getting evidence against Crile, whom he suspected was paying clandestine visits to his wife, and learned that Crile had gone to Wooster, where he registered as J. R. Lilley, Akron. The charge for carrying concealed weapons was withdrawn and he pleaded guilty to loitering. Mayor Smith fined him \$50 and costs, which was paid. Immediately after Sheriff McCoy served Crile with a summons for a \$10,000 damage suit Marshall brought against him for alienating his wife's affections and breaking up their home. Crile is a married man.

LONG SWITCHES.

A. B. & C. Road Will Be Double Tracked To Cleveland.

The long switches which are being put in on the A. B. & C. line at various places on the road, indicate that the line will be eventually double-tracked between Akron and Cleveland, for a distance of about 25 miles.

An official of the road said to a DEMOCRAT reporter Tuesday that it was hoped by the company that the work of double-tracking the line would be completed before the close of the year. Some of the switches put in are five miles long, and the work of connecting them now seems to be determined.

BIG MEN

Want Him Dropped.

Another President For Diamond Match Co.

Not Satisfied With His Financial Policy.

Important Development at Next Meeting.

Every Company Will be Taken In Combine.

The statement is made that O. C. Barber is to be dropped as President of the Diamond Match company.

This information comes from Chicago. Akron stockholders of the company confirm the story. News of other important developments is given out unofficially.

The Chicago Journal prints the following: "Extremely important developments are on tap in connection with the time-honored 10 per cent. dividend-paying Diamond Match Company. The announcement may be expected at the stockholders' meeting to be held very soon, that every one of the independent companies, from the Continental to the smallest, is a part and parcel of the Diamond Match system. The latest and one of the most important acquisitions is that of the Independent Match company of Binghamton, N. Y. This concern does a very large business and has had a monopoly of the advertising match business—the little folding match boxes on which advertisements were printed and scattered wicadest.

It also competed in the manufacture of a commercial match and sold large amounts in Chicago. The Diamond Match company really had a patent on the folding boxes, but did not close in on the Independent until it had a great trade established, but the patent on the boxes was useless without the patents on the matches. Now it is the intention of the Diamond Match company to make a great specialty of this match. Changes in the officials are also

DON'T HURT SOME.

But Coffee Certainly Ruins Some of the Most Highly Organized People.

"One year I lived where the water was bit with iron and I could not bear to drink it, so I began drinking coffee three times a day."

Gradually I noticed an uncomfortable feeling in the stomach, and more less constipation. In a few months I began to lie awake at night long after I had retired. This increased, until I never thought of going to sleep before three or four o'clock in the morning, and then only after getting out of bed and walking the floor for an hour.

I was talking of my nervous state with a friend, who suggested that perhaps it was the coffee I had been using. She felt quite sure it was, and stated that coffee would not stay on her stomach at all, but as she felt she must have a hot drink for breakfast, she had been using Postum Food Coffee. She said she didn't like Postum particularly well, and at breakfast the next morning I didn't wonder when I tasted the flat drink that the servant brought on.

M. O'NEIL & CO

more than likely. Rumor, clothed in the garb of officialism, says that President Barber will not be selected as president next year; that he may be a director, but not the executive. It is admitted that he is a practical and excellent match man, but a rather poor financial man. So, it is stated, Barber is to go. It is not known whether he will make a fight for the position, but the big men of the company will not have it—and they dominate.

"Edwin Gould, who has been fighting Diamond Match for some time past, will enter the board of directors and thus a Gould interest established—and a friendly one—not an aggressive one. There is yet more news in connection with the Diamond Match company. After the last annual meeting there was an evident dissatisfaction with the affairs and management of the company, and reports of reorganization were heard on every hand. It is stated as a fact that about that time the controlling interests made a distinct proposition to the Moores, W. H. and J. H. Moore, to assume control of the Diamond Match company; to look after the financing and financial affairs of the company. The Moores refused.

"The information on which the news is based is not mere hearsay, and the confirmation at the stockholders' and the next annual meeting of every detail as stated is confidently expected."

ATTRACTIONS

At Randolph Park Unusually Clever—The New Orchestra.

The Randolph Park theater presents exceptionally clever attractions this week with the three-act comedy drama, "Our Boys," and "Nugget Nell," a western comedy in four acts.

Ramza and Arno appear each night in a series of acrobatic performances, during which their famous trick donkey, Blondon, does some very intelligent and exceedingly ludicrous acting. Of course Blondon does some things that seem almost incredible for a donkey to do, but the entire combination is so cleverly arranged and the performance so neatly executed that the audience is kept in an uproar of laughter during the entire exhibition. Messrs. Ramza and Arno scored a great hit with the audience Monday night.

"Our Boys" was staged under the direction of Mr. Frank O. Ireson, who recently came from Indianapolis, Ind., where he had been with Edison's comedians. Mr. Ireson is a

clever artist and takes the leading part in the play.

An orchestra under the leadership of Edward Marquardt of this city, formerly leader of Morey's orchestra and which is composed of local talent, has taken the place of the Duquesne orchestra at Randolph park. Monday night the new orchestra was received with great applause at the theater. The members of the orchestra are experts and produce a fine quality of music.

NEGLECTED.

Madsen Deserted Family For Several Months.

Given Heavy Sentence—Cases Heard In Police Court.

Christ Madsen of 335 Carroll st. was sentenced to 90 days and costs in the Canton workhouse by Mayor Young Tuesday for failing to provide for his family.

Madsen has been very cruel to his wife and two children. Last August he left Akron, unknown to his wife, and did not return until Sunday. During that period he never sent his family a cent to live on, and further more did not even write to them. He said he had been to Buffalo and Youngstown.

Ed Zimmerman, of 556 West Exchange st., a street car conductor, was fined \$1 and costs for discharging fire arms in the city limits.

After Police court Anthony Hunt of 115 Livingston st., called and wanted Zimmerman arrested for shooting his 13 year old son, John, in the breast. Zimmerman was shooting wood chucks and one of the shots accidentally struck young Hunt.

Louis Rudinsky was arrested in front of the Empire house by Officer Guillett for leaving his horse unhitched. He pleaded not guilty and the case was set for Wednesday.

Wm. Brazzell got \$5 and costs and 30 days for escaping from the street gang. The imprisonment sentence is suspended during good behavior. John Myers, drunk, \$2 and costs. James Campbell has been arrested on a charge of assault and battery. He is alleged to have assaulted Joseph Gonnert, a tailor.

Mrs. Mary Carroll of Thomastown, was taxed \$2 and costs for intoxication. Her case is a sad one. Monday she was arrested on Main street by Officer Washer. Mamie, her little daughter accompanied her. She was driving the time the arrest was made. The vehicle was put in Jackson's livery stable and Mrs. Washer is caring for the child.

UNDER AGE

When They Were Wed.

Alleges That Her Husband Swore Falsely.

Overruled Motion to Sell the Plant.

Receivers Ordered to Receive Additional Bids.

New Cases Commenced—Court House News.

A hasty marriage and a long repentance form the foundation for the Klein divorce case.

The wife, Harriet B. Klein, has filed an answer and cross petition. She denies the charges of unfaithfulness made in the petition of her husband, William L. Klein.

She denies that they were married September 13, 1885, saying that the date was September 9. According to her story, she was at that time 16 years of age. She alleges that Klein falsely and maliciously swore that she was 18 years of age and a resident of Summit county, in order to get a marriage license. At that time her home was in Kent. She claims he has failed to provide a home for herself and children, that he never allowed her to have more than enough for one meal in the house at a time, and that for 14 months he has contributed nothing towards her support. Mrs. Klein alleges that he has been quarrelsome, abusive, cross and surly, that he has called her vile names and that he has sought to harass and injure her. To sustain her charges of cruelty she says he has choked her until her face was black, that he stabbed her in the hand with a pair of shears and that he threw her back on the bed, placing his knee on her stomach when he choked her.

She is in constant fear that he will injure her children. She asks that he be restrained from seeing them. She asks that on the final hearing of the case she be granted alimony and the custody of the children be given to her father. Mrs. Klein is now in Chicago.

Will Not Sell.

The motion filed by the receivers to sell the plant of the Akron Silver Plate company to W. Gordon Miller for \$5,500 has been overruled. The court held that the transfer would not be for the best interests of the creditors. The receivers have been ordered to secure new bids.

Fees Reduced.

The exceptions to the account of H. E. Loomis, administrator of the estate of Jacob Bowers, were heard by Judge Anderson Monday. The court held that the administrator had paid the money obtained on a loan to satisfy two mortgages. The only portion of the exceptions sustained was that in reference to the claims for services. The fees were reduced.

New Cases.

Israel Isbell has filed a petition asking judgment against Moses Falor et al for \$4,312.40. He asks for the foreclosure of a mortgage.

Court Notes.

H. C. Sanford has been appointed executor of the will of Cyrus Miller. Bond \$30,000.

The injunction in the case of Nellie L. Hower vs. The American Cereal company has been continued until July 17. The company has filed an answer to the second amended petition denying all the allegations.

The will of John Edge provides that his property shall be given, share and share alike to his seven children. An inventory of the estate of Dr. H. M. Fisher has been filed. It is appraised at \$812.74.

U. R. PICNIC—The United Brethren Sunday school will picnic at Silver Lake next Friday.

THE WEATHER: Fair tonight and Wednesday.

Some Splendid Patterns of

Silver Berry Dishes

What could be more appropriate for the season?

Hale

THE JEWELER
159 South Main Street.

PROMOTER

Will Build Line If \$20,000 Is Raised.

Would Give Doylestown Shipping Facilities—Barborton to Easton.

A. F. Townsend, a street railroad promoter, has made a proposition to the citizens of Doylestown that will probably result in an electric line being constructed through that village.

The proposed road will run from Barborton to Easton, passing through Doylestown. A switch will be run to connect with the Erie. The estimated cost is \$175,000. Townsend asks the village to raise \$20,000. Some time ago the corporation voted to issue bonds to the amount of \$10,000 for the purpose of erecting and maintaining an electric light plant. It is now proposed to turn this money and \$10,000 more, to be raised by subscription, over to the promoters of the new line.

Townsend promises that the road will run both passenger and freight cars. At Easton it will connect with the B. & O. and C. & L. & W. railroads giving excellent shipping facilities. It would pass through a splendid coal field. He has made application for a franchise.

WATCH WORKS.

Come to Akron Under Certain Conditions.

Has Been Located In Cincinnati For Many Years.

O. E. Bell, president of the Bell Watch Case Co., of Cincinnati, has written to H. L. Snyder, secretary of the Chamber of Commerce, to ascertain what inducements Akron can give to get the company he represents to locate here.

A special meeting of the Chamber of Commerce may be called to consider the matter.

Mr. Bell states that the company was incorporated 12 years ago and that an 8 per cent. dividend is declared yearly. He says that between 50 and 60 would be employed at the start, but that before two years have passed the pay roll would number between 200 and 300. The wages of the workmen range from \$10 to \$25, while boys make from \$7 to \$14. The company agrees to erect a new factory if the terms are satisfactory.

Badly Burned.

The first natural gas accident in Akron happened to Mrs. Chas. S. Eddy, 212 Adolph ave., over a week ago. The gas exploded and she was quite badly burned. She is recovering rapidly.

Notice.—Grocers' Picnic.

In order that everyone attending grocers' picnic can see it all, the Rapid Transit company will sell a round trip ticket Wednesday from Akron to Randolph park for 25 cents which will entitle the holder to a stop off at Silver Lake and then to Randolph park and free admission to the theatre afternoon and evening. Every one should see Ramza, the donkey, perform. The funniest act on earth.

The "Stars and Stripes" will be played in the afternoon, and "Our Boys" in the evening. Either show is worth 50c.

The company will also sell dance tickets at 50c a couple, good for stop off at Silver Lake and entitles couple to dance floor at Randolph park both afternoon and evening. Special arrangements have been made by Manager Menegay to feed a large crowd at the park on Grocers' day. Chicken dinner and supper will be served at 25c each.
